# THE DIVISION OF STUDENT AFFAIRS AT MISSISSIPPI STATE UNIVERSITY

The Division of Student Affairs at Mississippi State University is comprised of 21 departments focusing on student life and engagement; student health, safety, and wellness; student support programs; and student success. The programs and services offered by our departments assist students in achieving their academic, personal, and career goals.

Our focus on excellence and innovation illustrate the Division's commitment to creativity and forward-thinking approaches. We value the sense of tradition and belonging that comes from being a part of the Mississippi State community. Our partnership with the university's graduate program in Student Affairs means we have great opportunities to support and train new professionals for their future careers in student affairs through graduate assistantships in our many departments. For our staff looking for advanced degrees, we offer a doctoral program in Higher Education Administration.
